NO Carpet Beetle Traps

Non-toxic traps to attract and trap carpet beetles and clothes moth. Monitor and protect carpet from damage by carpet beetle and case bearing clothes moths.

Benefits and Features

- Non-toxic carpet beetle traps - 2 pack
- Pheromone in glues attracts carpet beetle
- Gives early warning of carpet beetle infestation
- Helps prevent damage to carpets and other natural fibres

Controls

- Carpet Beetle
- Case Bearing Clothes Moth (aka carpet moth)

Directions

1. Write the date on the trap.
2. Fold the trap housing into a box and close one end.
3. With the protective paper facing up, fold the ends of the glue board up 90 degrees.
4. Remove the protective paper from the glue board.
5. With the trap housing hole side up, slot the glue board into the trap housing so the glue surface is facing up towards the holes.
6. Close the second end of the trap housing.
7. Set the trap under or behind furniture in the room to be protected.
8. Check the trap every 2-3 days for signs of infestation.
9. Replace the trap after 8-12 weeks use.
