### NO Clothes Moth Traps

Non-toxic traps to attract and trap clothes moths. Monitor and protect clothes and fabrics from clothes moth damage.

#### **Benefits and Features**

- Non-toxic clothes moth traps 3 pack
- Pheromone in glues attracts clothes moth and case bearing carpet moths
- Gives early warning of moth infestation
- Helps prevent damage to clothing, carpets and other natural and synthetic fibres

#### Controls

Clothes Moths

#### Directions

- 1. Write the date on the trap.
- 2. Unfold the trap and peel off the protective paper.
- 3. Fold the trap into a triangle so that the sticky part is on the inside. Slot the tab through the hole on the opposite side so that the tab locks the sides together.
- 4. Place the trap close to the clothes to be protected; either:
  - Pull out the hook cut in the side and hang the trap up,
  - Peel off the paper from the small adhesive pad and stick the trap to a surface,
  - Or place the trap on a shelf or floor of the wardrobe.
  - $\circ$  One trap is enough for a space up to 30 m².
  - Check the trap for moths every 2-3 days for signs of infestation.
  - Replace the trap after 8-12 weeks use.

#### For Best Results

- When moths are detected spray surfaces of wardrobes, drawers and other places clothes are stored with <u>NO Bugs Super Protective Barrier</u>.
- See the short video on Kiwicare.co.nz for more information on Clothes Moth control.

I. CHECK: Remove clothing from wardrobes/drawers; check and clean.

**2. CLEAN:** Vacuum and clean wardrobes/drawers.

3. TRAP: Install NO Clothes Moths Non-Chemical Trap.

#### **Active Ingredients**
