[Gro-Sure Planting Magic](#) is a 4 in 1 planting mix provides the essential nutrients for plant establishment and season long vigorous growth, improves water and nutrient retention around root system, improves soil condition and beneficial micro-organisms and boosts root development.

New Product

Benefits and Features

- Bigger, Healthier Plants!
- Add Planting Magic around the root ball of bedding plants, vegetables, trees and herbaceous plants
- Fertiliser:
 - Immediately available for promoting establishment
 - Slow release for ongoing healthy growth
 - N:P:K approx.* 5 : 2.5 : 3.5 plus S (2.8), Fe (0.4), Mn (0.1) and other trace elements.
- Organic matter:
 - Humus and humic acids
 - Micro-nutrients
 - Improves soil condition and beneficial micro-organisms
- Water retention:
 - Porous baked clay granules hold water at 100% w/w
 - Organic humus also improves water and nutrient retention

**No data for the naturally variable organic matter.*

Available As

- 1 kg and 500 g packs

Active Ingredients

Organic material, water retention granules, readily available fertiliser and slow release fertiliser.

Application

Directions

How to use in Beds, Borders, Containers & Baskets

- DIG**

Shake the pack well before using to ensure the nutrients are mixed. Dig a hole in the soil slightly larger than the pot or bag your plant is currently growing in and water the bottom of the hole well.
- SCATTER**

Scatter Gro-Sure™ Planting Magic into the hole and onto the soil you will use to backfill around the plant. Lightly mix into the soil.
- PLANT & WATER**

Gently place the plant in the hole and firm the soil around it. Give it a really good watering to activate Planting Magic and to settle the plant in.
- ENJOY!**

Now just sit back and enjoy watching your plants flourish for the rest of the season. Remember to keep watering as needed.

Plant	Application
Small bedding plants, vegetables and herbaceous plants	½ handful (~20 g) per planting hole
Medium to large herbaceous plants, small shrubs and trees (<0.25 m)	1 handful (~35 g) per planting hole
Medium shrubs and trees (0.25 – 0.5 m)	2 handfuls (~70 g) per planting hole
Larger shrubs and trees (>0.5 m)	3 handfuls +

For Best Results

- Remove any weeds from the area before planting.
- Protect young plants from pests e.g. slugs/snails, grubs, aphids, rodents, etc.
- Gro-Sure™ Planting Magic is suitable for general garden use, including ericaceous plants, bedding, herbaceous plants, shrubs, trees, hedges, vegetables and fruit. Not recommended for use with seeds and seedlings.
- When planting, always make sure that the planting depth is correct. Ideally the top of the soil in the pot should be level with the surrounding soil once planted.

Caution

- May cause skin and serious eye irritation.
- Open bags of Planting Magic slowly, directing the opening away from your face to avoid inhaling dust. Wearing a dust mask is recommended when handling all dry planting media and soil.
- Wear gloves and eye protection.
- Avoid contact with skin and eyes.
