NO Fleas Total Protection

Benefits and Features

- Long term control and protection from fleas.
- Breaks the breeding cycle. Makes female bugs lay sterile eggs and prevents nymphs reaching maturity.
- One spray gives up to 4 months protection.
- No stain, no smell once dry.
- Sprayed surface safe for children and pets when dry.

Directions

Concentrate:

1. Shake well.
2. Dilute 10 ml in 1 L of clean water.
3. Apply as a coarse spray to pet resting areas, carpets, soft furnishing, floors and other areas where fleas have been seen.
4. In summer months exterior areas where pets sleep should also be treated.
5. Repeat treatment after 7 days if required.
6. How to mix and dilute spray concentrates video

Ready to Use:

1. Shake well.
2. Apply as a coarse spray to pet bedding areas, carpets, soft furnishing, floors and other areas where fleas have been seen.
3. In summer months exterior areas where pets sleep should also be treated.
4. Repeat treatment after 7 days if required.

For Best Results

- Use as part of the Kiwicare [1-2-3 Flea Control Programme](#).
- Watch the short video on [How to Get Rid of Fleas](#).
- See kiwicare.co.nz for more information on bed bug control.
