READ LABEL BEFORE USE

Directions

Application Methods

Take all reasonable steps to ensure that the substance does not cause any significant adverse effects to the environment beyond the application area.

Do not apply directly into or onto water.

If 3 kg or more of the substance is applied within 24 hours, in a place where the substance is likely to enter air or water and leave the application area, a PCBU with management or control of the substance must ensure that a written record is kept of each application of the substance.

Precautions: Keep out of reach of children. Read label before use. Wash exposed skin thoroughly after handling. Do not eat, drink or smoke when using this product. Wear protective gloves, protective clothing, eye protection, and face protection. Do not breathe fume, mist, vapours, or spray. Avoid release to the environment. See SDS for full list of P phrases.

Preparation:

Remove heavy infestations of moss, lichen or other biological growth before treatment.

Dilute 1:100 or 1:50 depending on the severity of the problem and application method:

Application Method	Severe Biological Growth	Light Biological Growth
High volume hose application	1:50 (2 L per 100 L)	1:100 (1 L per 100 L)
Back pack sprayer	1:50 (20 ml per L)	1:50 (20 ml per L)

First Aid: IF SWALLOWED: Call a POISON CENTER (0800 764 766) or doctor/physician if you feel unwell and Rinse mouth. IF ON SKIN: Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower and Call a POISON CENTER or doctor/physician if you feel unwell. IF SWALLOWED: Rinse mouth and Do NOT induce vomiting. IF INHALED: Remove to fresh air and keep at rest in a position comfortable for breathing and Immediately call a POISON CENTER or doctor/physician. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do and continue rinsing. See SDS for full list of P phrases.

Environmental Care: Collect spillage. Do not contaminate or apply to waterways. Very toxic to aquatic life and terrestrial invertebrates. This substance must not be applied onto bees, beehives, bee nests or when bees are foraging in the area where it is to be applied.

Storage/Disposal: Store locked up. Store in original container in a cool dark place out of reach of children. Dispose of empty container in garbage.

As Kiwicare Corporation Limited has no control over the storage or use of this product, no liability is accepted for accidents or damage arising from the incorrect storage or use of this product.

It is an offence to use this product on animals.
