Technical Sheet

NO Ants Barrier Spray

Long Term Control of In and Around Buildings

www.kiwicare.co.nz

NO Ants Barrier Spray

Benefits and Features

- Creates a protectant barrier to keep Ants out of house and buildings
- Long lasting – controls Ants moving into the area for up to 6 months
- Non-staining and Low Odour
- Sprayed surface safe for children and pets when dry
- For indoor and outdoor use.
- Use as step 3 of the Kiwicare [1-2-3 Ant Control Programme](#).

STEP 3 DESTROY

1. BAIT: Place small drops 30 cm apart where ants have been seen.

2. BARRIER: After 1-2 weeks follow up bait with Kiwicare **NO Ants Barrier Spray** applied as a ring around the affected building/s.

3. DESTROY: If nest sites are identified outside under pavers, paths, driveways or rocks destroy the nest sites with Kiwicare **NO Ants Ant Sand**.

Controls

- Argentine ants
- Darwin ants
- White-footed ants
- Black garden ants
- Black hose ants

Directions

For all ants

NO Ants Barrier Spray Concentrate

- Dilute 10 ml per litre of clean water.

Concentrate and ready to use:

1. Apply to surfaces where ants have been seen e.g. walls, window and door frames, sills, skirting boards, decks etc.
2. Spray until the point of run off. Porous surfaces may need a second treatment.
3. Use as part of the [1-2-3 Ant Control Programme](#).

**It is recommended that NO Ants Gel Bait or NO Ants Liquid Bait are used for at least one week prior to applying sprays to ant nests to prevent causing ant nest budding where ants leave the nest and disperse to form new nests. Ant Sand will not cause budding.*

For Best Results

- Place many bait points inside and outside to increase the bait taken back to the nest.
- Follow up bait treatment with the use of Kiwicare [NO Ants Barrier Spray](#) and Kiwicare [NO Ants Ant Sand](#).
- Deny ants access to other food; wipe up spills and keep food in sealed containers.
- See kiwicare.co.nz for more information on ant control.

Active Ingredients

NO Ants Barrier Spray Concentrate: 100 g/L Permethrin in the form of an emulsifiable concentrate.
EPA Approval Number: HSR101155

NO Ants Barrier Spray Ready to Use: 4 g/L Permethrin in the form of a ready to use liquid.
