Technical Sheet

NO Wasps Eliminator

Kills Wasps and Destroys Nests

www.kiwicare.co.nz

NO Wasps Eliminator

Benefits and Features

- Easy application to wasp nest entrances.
- Powder helps keep wasps calm.
- 60 g puff pack control 5-6 nests.
- 24 g/kg Permethrin.
- 955 g/kg Diatomaceous Earth (DE).
- DE acts as carrier and has insecticidal properties.
- DE adheres to vertical surfaces where wasps land to enter nests in eaves.
- DE adheres well to wasps and is easily taken into nest for full control.
- For use outdoors.

Controls

- *Vespula vulgaris* – [Common wasp](#)
- *Vespula germanica* – [German wasp](#)
- *Polistes chinensis* - [Asian paper wasp](#)
- *Polistes humilis* - [Australian paper wasp](#)

Directions

For wasps

- 1) From a safe distance watch the wasps for a few minutes to identify nest entrance. (Wasp nests have only one entrance.)
- 2) Give the pack a light shake then open the lid.
- 3) Apply 5-6 sharp puffs directly at the nest entrance and where the wasps land.
- 4) Check again several hours later. If there is still activity, or the powder has become damp, repeat the application.

For Best Results

- Apply when nest entrance is dry and rain is not expected within 2 hours.
- Wasps are less active in low light; to avoid stings apply powder just before dusk or just after dawn.
- For nest entrances in eaves of buildings or other high places, give bottle a gentle shake before puffing and apply powder to wall where wasps land to enter the nest.

Active Ingredients

24 g/kg Permethrin and 955 g/kg Diatomaceous Earth.

Registration

EPA Approval Number: HSR101044

Caution

Keep out of the reach of children. NO Wasps Eliminator should not be used around plants in flower or about to come into flower due to risk to bees and it cannot be used on bee nests. Do not eat or smoke while using. Wear waterproof gloves and dust mask when applying.

Available As

- 60 g puffer pack
- 3 kg and 10 kg for professional use

Complementary Products

- [NO Wasps Total Protection](#) surface spray, concentrate and ready to use.
