

KIWICARE®

Organic Super Sulphur

The safe effective organic way to control diseases and mites on plants including fruit and vegetables

www.kiwicare.co.nz

Organic Super Sulphur

Natural disease and mite control for organic growers.

Benefits and Features

- Fast acting control of a wide range of diseases and mites.
- Controls moss and lichens.
- For use on fruit, vegetables, roses and ornamentals.
- No withholding period.
- No leaf burn.
- BioGro® Certified Organic for use in organic gardening.

Controls

- [Powdery mildew](#)
- [Rust](#)
- [Spider mites](#)
- [Lichen](#)
- [Moss](#)
- Many more

Directions

1. Dilute 5 g - 10 g per 5 L of clean water depending on plant to be protected and disease to be controlled. (See label).
2. Apply as a protectant and/or at first sign of disease in spring, autumn and winter.
3. Spray foliage until run off occurs, making sure to cover leaves on both the upper and lower surfaces as complete coverage is required for effective control.
4. Then apply every 21 days thereafter.

Available As

Powder Concentrate: 200 g

Active Ingredients

800 g/kg Sulphur in the form of a water dispersible granule

For Best Results

- Use as part of the winter preventative spraying programme.
- You can use Organic Super Sulphur to control the growth of lichen and moss on the trunk and bark of trees.

Caution

- Do not apply to apricot or pear trees. Do not use on Kidds Orange Red, Cox's Orange Pippin or Red Delicious apple variants.
- Wash treated crops before eating. No withholding period.

Regulations

Registered Pursuant to the ACVM Act 1997 No P006063.

HSNO Approval code: HSR000741.

Kiwicare BioGro® Number 4850 (See kiwicare.co.nz for certificates)
